First collection

First Forward
First Straightline
First Streamline
First Decode
First Define

Since our inception, the First collection has been a true evergreen that has now been reengineered and revamped. Developed to bring the ideal combination of design, performance and value, the collection consists of 5 loop-pile carpet tile ranges that can be used on their own or mixed & matched into exciting floor layouts.

By using our in-house yarn, we created a series of patterns that use colour to provide co-ordination and balanced contrast. From laying a foundation with First Forward to marking out zones with the linear designs of First Straightline, First Streamline and First Decode and the flowing pattern of First Define; it's a collection that delivers effortless versatility at a favourable price point.

24

First

Forward

First Forward is a loop pile carpet tile that brings you a wealth of on-trend mix&match possibilities at a competitive price level.

With a revamped design, an increased wear resistance and our own in-house yarn, we took (y)our evergreen 'First' to a whole other level. Thanks to its effortless elegance, First Forward is the perfect solution for any commercial interior.

First Straightline

Building on the solid base of First Forward and designed to mix&match flawlessly, First Straightline adds a contrasting pinstripe to the First collection at a competitive price level.

With its precise loop pile construction from our own in-house yarn, First Straightline's linear pattern is soft and refined. Whether you prefer a tone-on-tone design or a pop of colour with contrasting accent stripes, First Straightline translates the innate stylishness of the classic pinstripe into a timeless flooring design.
